WHY PAR

FOR A

It's not what WE get out of racing that counts — it's what YOU get.

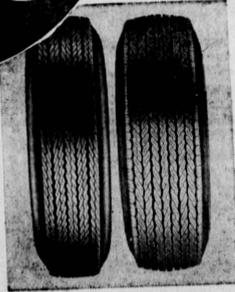

NOW AVAILABLE AT
PARNELL JONES
Firestone

the new Super Sport
WIDE OVAL TIRE The tire shape of the future . . .

Nearly two inches wider than your present tire

The Super Sports Wide Oval Tire got its start from Firestone racing research. Its extra width puts more rubber on the road—gives you better traction—and even on wet pavement you stop in 25% less distance than with conventional width tires. Watch for it on Detroit's new 1967 high-performance cars! Available now at Parnell Jones for changeover from your present tires . . . fits any 1964, '65 and '66 car. Costs a few dollars more but you can't make a better tire investment to save your life!

Built like a race tire to grip better, corner easier, run cooler, and stop quicker!

Firestone Super Stock 500

New high speed tire developed specially for stock car racing or asphalt.

Firestone Sports Car 200

High speed racing tire available also for sports cars for street use.

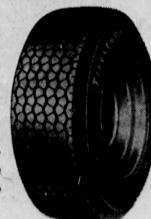

Firestone Super Sports 170

High speed sports car tire with increased traction, improved tread wear and stability.

Firestone Super Sports Grand Prix

Available in Rain tread with excellent performance on wet or flooded track.

Firestone Super Sports Indy

Excellent performing tire under dry track conditions.
